sit tight. sit still. sit tall. sit right.

sit with me. sit alone. sit pretty.

sit down. sit at the same table.

sit up and take notice.

sit it out. sit on the fence.

sit beside me. sit on your hands.

sit up. sit here. sit there.

sit smarter.

eurotech™
a raynor group company

The Art Of Seating

Think of how many hours people spend chained to their chairs. Then multiply by all the employees in your company. And your friend's company. And their friend's company. Thrown in a relative or two and what you get is a lot of time sitting. And, with the average chair, a lot of time suffering.

The least we could do is reciprocate. We've spent almost 40 years figuring out how to help you Sit Smarter, resulting in 42 perfect chairs—not counting the almost infinite ways you can customize them.

We spend so much time on our chairs because it's where you spend your time.

We put a premium on quality, comfort, good design and great results. And it shows. They work so well that you won't notice them while you work. Maybe what's more impressive is that you also won't notice them when you clock out to go home.

At the end of the day, it's about how you feel…at the end of the day.

our promise

We sold our first office chair in 1979, committed to the idea that superior craftsmanship and design are the key to delivering real value for our customers. Nearly 40 years later these same values find their way into every seat we sell: exceptional seating, without exception.

Design

Beautiful design motivates and inspires. Isn't that what you want your workspace to do? Some of the industry's most talented designers work tirelessly to ensure that Eurotech chairs provide ergonomic performance and visual artistry.

Craftsmanship

We don't cut corners. Every Eurotech chair is painstakingly crafted using the best textiles, materials and cutting edge technologies. The result is high-performance seating that delivers comfort that always works overtime.

Value

The lowest price is not always the best value. Every chair in our comprehensive collection offers a unique balance of price, quality and beauty. We like to say our chairs are the perfect marriage of form, function and frugality. Combined with our unmatched customer service, it makes Eurotech chairs the best value in the market.

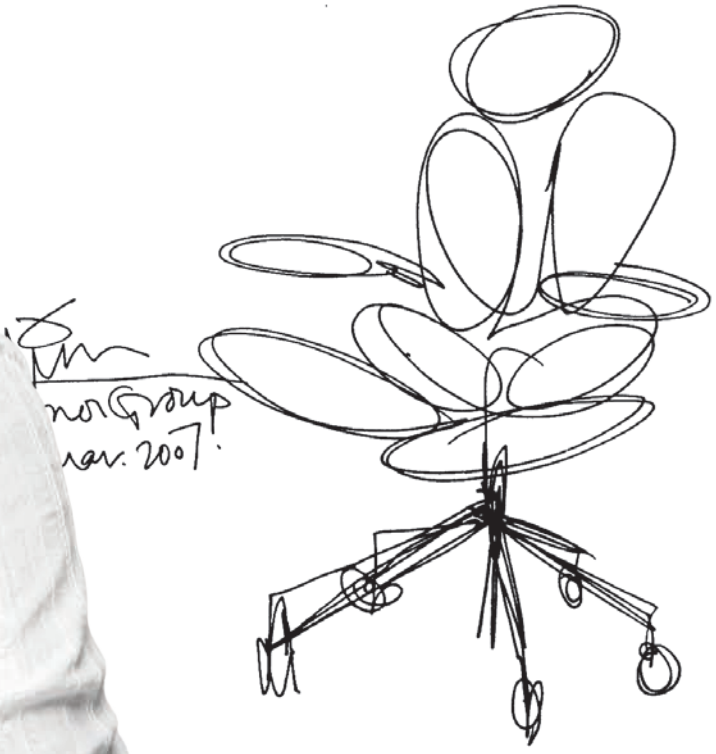
designer profile
karim rashid

Karim Rashid is an internationally celebrated industrial designer and interior architect. His work includes luxury goods, furniture, lighting, surface design, brand identity and packaging. Time magazine has described him as the "most famous industrial designer in all the Americas."

"I wanted the chakra to work as hard as I do. I designed it to deliver uncompromising quality, to always delight and never disappoint. It achieves this effortlessly.



chakra

The Chakra features a unique zoomorphic structure that is light and airy yet extremely comfortable. This innovative chair focuses on the body's energy centers, cushioning the chakras and leaving the rest of the body free of tension.

the future is iOO

cutting edge meets proven technology

If chairs were living, breathing animals, subject to the same ruthless laws of natural selection other creatures are, the iOO would represent a pinnacle of evolution — a sleek, powerful product of generations of development and refinement, and an obsession with perfection. It is adjustable, yet effortlessly simple. All of its controls have been integrated into a single mechanism. The iOO adapts, overcomes and excels.

unrivaled ergo

style, durability and complete comfort

All of our Ergo chairs were engineered with your total comfort in mind. Aesthetics, form and function are merged seamlessly in a single design, allowing Ergo chairs to be minutely adjusted to achieve unrivaled support. A synchro-tilt mechanism with infinite lock, sliding seat, pneumatic height adjustment, and headrest, are standard on all Ergo models. Add a choice of mesh, leather, or a selection from our Fabrix catalog, and you can build the perfect Ergo chair for you.

FEATURES & INDEX

features and options

forward seat tilt
Changes angle of seat to enable proper ergonomic posture while using computer keyboard.

waterfall seat
Front of cushion slopes to reduce pressure on the back of the knees.

back angle adjustment
Sets back angle for personalized comfort in reclined position.

back height adjustment
Raise or lower to support the lumbar (lower back) region.

ratchet back height adjustment
Backrest easily adjusts up or down relative to seat for personalized lumbar region support and comfort.

arm height adjustment
Adjusts arm up or down for proper ergonomic positioning while seated.

width adjustable arms
Adjusts arms in or out for proper ergonomic positioning.

arm depth adjustment
Arm pads slide forward or backward for proper ergonomic positioning.

swivel arm
Arm pads angle in or out for proper ergonomic positioning.

center or swivel-tilt
Chair tilts from a point under the center of the seat, allowing user to rock back and forth. Tension adjustable.

knee-tilt
Chair tilts from a point close to the front of seat, allowing user to tilt while feet remain rested on floor.

synchro-tilt
Back reclines in a preset ratio to seat.

tilt tension control
Recline rate adapts to weight of user.

tilt lock
locks out tilt function.

seat depth adjustment
Adjusts seat depth relative to back.

seat angle adjustment
Seat angle will lock in any position from front to back.

seat height adjustment
Sets seat height to desired position relative to floor.

2-tone soft wheel casters

Soft wheel casters are used to slow down chair movement on uncarpeted surfaces.

CUSTOM UPHOLSTERY PROGRAM

fabrix™ | custom upholstery

C.O.M.
Your fabric, our chairs.

We call it **C.O.M.** — Customer's Own Material. It's your fabric, on our chairs.

Any chair in the entire Fabrix® program can be upholstered with your supplied material for a truly custom look. Please reference the C.O.M. yardage listed for each chair. All C.O.M. chairs are Grade 1 pricing. C.O.M. fabric must be approved prior to ordering. Please contact customer service for details.

Please note that C.O.M. fabrics are not tested by Eurotech for CAL117 or other performance standards.

fabrix™ | custom upholstery

Thousands of fabrics to choose from.

Guaranteed shipping in 7 days.

With the new Fabrix Custom Upholstery Program, there are endless possibilites.

It's as simple as:

- Choose your chair
- Select your pattern
- Select your color

Look for the fabrix logo on individual chair pages for pricing. You can find a listing of chairs available in this program on page 92.

Please visit *eurotechseating.com* to view larger swatch images and additional fabric options. To order actual fabric samples, email literature@raynorgroup.com.

Outlast®

Not too hot, not too cold.™

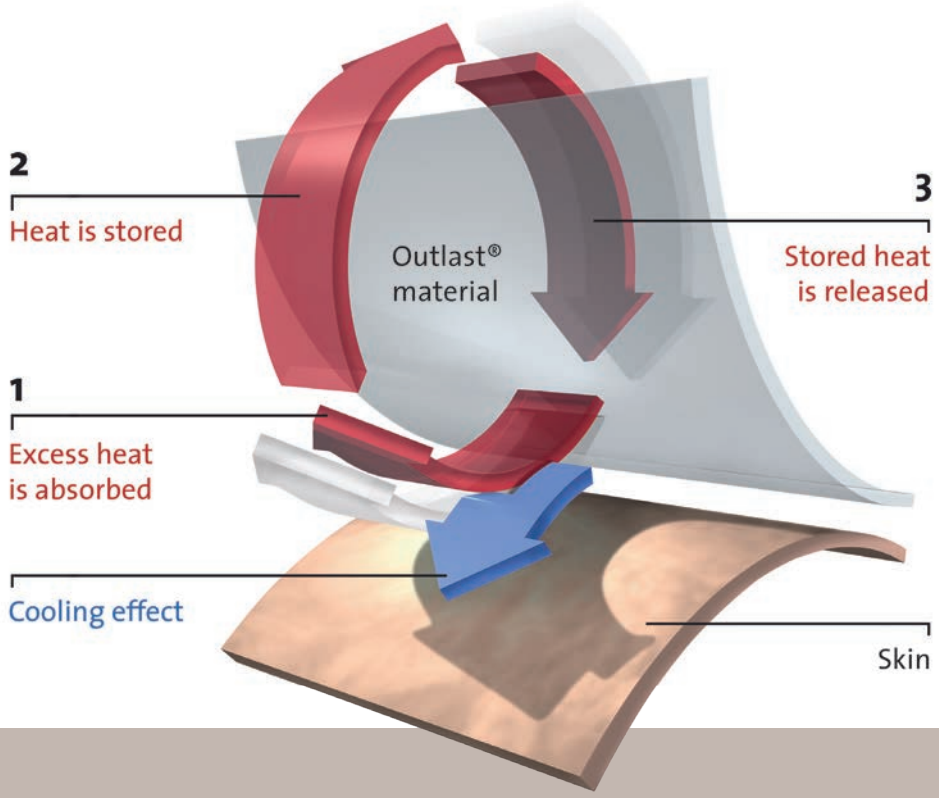
Outlast® Technology is now a cool new option for your next chair.

Eurotech's Fabrix Program allows you to customize every chair's upholstery. Now you can add Outlast® technology as well. With Outlast, your body's temperature stays regulated throughout the day, to keep you cool and comfortable.

Be sure to equip all your seating choices with Outlast technology, and bring a little bit of cool to your office game.

- Works to control skin temperature and the impact of moisture.
- Proactively eliminates perspiration, instead of just wicking it away.
- Absorbs, stores and releases excess body heat to maintain a consistent temperature.

How Outlast Technology Works



Add $50 Per Chair

fabrix™ | custom upholstery

Healthcare Collection

The perfect prescription for practical, yet comfortable office seating.

All Healthcare fabrics are durable and easy to maintain, meeting anti-microbial, anti-bacterial healthcare standards. They are ideal for hospitals, clinics, waiting areas, private offices, nurses' stations, lounges and cafeterias.

- moisture proof
- moisture resistant
- anti-microbial
- anti-bacterial
- anti fungal

greenguard certified

All Eurotech products have been certified by GREENGUARD as meeting the Indoor Air Quality pollutant guidelines and standards. The GREENGUARD Environmental Institute is an industry-independent, non-profit organization that oversees the GREENGUARD Certification Program (SM), which certifies indoor products based on strict chemical emissions criteria. Products are tested and verified to meet the stringent GREENGUARD Indoor Air Quality Certified designation. GREENGUARD Certification provides third-party assurance that products have been tested for potentially harmful chemical emissions and found to meet allowable levels established by recognized public health authorities. For more information visit www.greenguard.org.

24 hour quick ship policy

Seating solutions must be available quickly and reliably. Eurotech guarantees to stay ahead of your needs by maintaining an inventory of over 25,000 chairs.

We ship orders within 24 business hours providing the customer is cleared for credit approval, orders are received during normal business hours of 9 a.m. - 5 p.m. EST Monday - Friday, and chairs are in stock at time of order.

Non-shipment due to acts of God are not covered under this guarantee.

All chairs in the 24-hour quick ship program can be shipped via UPS. Please note that although our shipment methods include UPS, your order will be shipped via the best determined method based on time and quantity.

Pricing includes dock delivery. Inside and lift-gate deliveries will incur additional charges.

warranty information

In today's high-stakes marketplace and state-of-the-art technology, seating solutions must be available quickly and reliably. The following information applies to the Eurotech line:

The Eurotech Seating Limited Lifetime Warranty

- For all products except for 24/7 chairs (see below), Eurotech warrants to the original purchaser all components for the life of the product with the exception of upholstery and foam, which will be warranted for five years.
- For 24/7 chairs, Eurotech warrants to the original purchaser of all 24/7 chairs all components for 5 years with the exception of upholstery and foam which will be warranted for 2 years.
- Eurotech warrants to the original purchaser that all parts will be free from material defects. Eurotech will repair or replace, at its option, any unaltered components.
- Eurotech does not warrant any aftermarket hardware that is installed on the product.
- Eurotech's warranty is limited to the normal use of the product in a forty hour work week and a 275 lb. weight limit unless otherwise noted.
- Eurotech shall **not** be liable for consequential or incidental damage arising from any product defect.
- Eurotech's warranty is limited to replacement or repair and does not cover cost of transportation and labor. There are no other warranties expressed or implied other than those specifically described. Proof of purchase is required to validate this warranty.
- Eurotech does not warrant customer's own material.
